

# Advantica® Rainwater Goods

## Pre-finished steel for rainwater applications

### Corus Advantica®

Advantica® from Corus is a range of pre-finished steel products specifically formulated for the manufactured goods sector. The result of over 30 years experience, the Advantica® product range can provide superior solutions to best meet your needs.

### Advantica® Rainwater Goods product range

Corus has developed a range of specialist pre-finished steel products that can be used in the rainwater goods sector. End applications for these products include down pipes, gutters, brackets and deep drawn accessories. We can provide the most appropriate pre-finished steel product to meet the needs of the specific part being manufactured.
